STATEMENT

This is to state that our school prescribes NCERT text books to our students for major subjects from classes VI to XII. But for students from pre -primary to class V, we have taken up books from different publishers so that the elementary knowledge about the subject matter be consolidated and strengthened. However we have personally gone through all the prescribed books apart from NCERT and can assure that no book contains any objectionable content that hurts the feeling of any class, community, gender or any religious group in society.
